As I'm sent to you now  
I live in this world now  
I've never resisted  
like the times when I feel it

You, you carry me through this  
This war that I keep fighting  
I fight it for you  
Tan solo Tu

Tan solo tu y yo  
solo con este amor  
Amor de los dios  
Creo en este amor

You hold all the three worlds  
I see them in inside you  
I long to be with you  
They call us together

Eschucho la voz de tu amor  
Te quiero mas poco a poco  
Estoy andando contigo  
No puedo ver los otros
