"So Cool"

I see you over there
Acting like - you don't care
You spent that time doin' up your hair
Pretending like nobody stares

You are something special, you're breaking all the
rules
I will back you up, anytime you act so cool
Your power over guys, gets them acting like a fool
I will be your man, anytime you act so cool

Anytime you act so cool
Anytime you act so cool
Anytime you act so cool
Anytime you act so cool

Life's too short to play games with you
I need a queen to run this zoo
You need me, I know it true
As long as other guys want you too

You are something special, you're breaking all the
rules
I will back you up, anytime you act so cool
Your power over guys, gets them acting like a fool
I will be your man, anytime you act so cool

Anytime you act so cool
Anytime you act so cool
Anytime you act so cool
Anytime you act so cool
