Who's next?
It's gonna be
It's gonna be
Trouble

And tonight I'm telling you honestly
Yes, Honestly.
By the time you get on the bus
Love is no more
And you'll turn your head
Away from everything you've loved before

I am always right
Yes, I am always right
When I saw the reflection in the mirror
I knew it would be tonight

And I'm so happy
Oh so happy
Then again I'm always sad
And I can't hide the tears in my eyes
From the night we never had

And over the seas
It's gotta be at least a hundred degrees
And in my room
Its gotta be at least a thousand degrees
And where am I? [woaho]
I know it sounds stupid but it sounds about it
And in my room it's gotta be at least a hundred
A hundred degrees

I know everything
Yes, I know everything
When I saw you behind the corner you asked me
Yes, I saw everything

And I'm so happy
Oh so happy
Then again I'm always sad
And I can't hide the tears in my eyes
From the night we never had

And over the seas
It's gotta be at least a hundred degrees
And in my room
Its gotta be at least a thousand degrees
And where am I? [woaho]
I know it sounds stupid but it sounds about it
And in my room [woaho] it's gotta be at least a
hundred
A hundred degrees

And over the seas
It's gotta be at least a hundred degrees
And in my room
Its gotta be at least a thousand degrees
And where am I? [woaho]
I know it sounds stupid but it sounds about it
And in my room [woaho] it's gotta be at least a
hundred
A hundred degrees
