"100°"

Who's next? It's gonna be, it's gonna be trouble
And tonight I'm telling you honestly, yes, honestly
By the time you get on the bus, love is no more
And you'll turn your head away from everything you've
loved at the door

I am always right, yes, I am always right
When I saw the reflection in the mirror, I knew it would
be tonight
And I'm so happy, oh, so happy, then again I always am
But I can't hide the tears in my eyes from the night we
never had

And over the seas it's gotta be at least a hundred
degrees
And in my room it's gotta be at least a thousand
degrees
And where am I? Oh, oh, I know it sounds stupid but it
sounds about it
In my room it's gotta be at least a hundred, a hundred
degrees

I know everything, yes, I know everything
When I saw you behind the corner you asked me, yes, I
saw everything
But I'm so happy, oh, so happy, then again I always am
And I can't hide the tears in my eyes from the night we
never had

And over the seas it's gotta be at least a hundred
degrees
And in my room it's gotta be at least a thousand
degrees
And where am I? Oh, oh, I know it sounds stupid but it
sounds about it
In my room it's gotta be at least a hundred, a hundred
degrees

And over the seas it's gotta be at least a hundred
degrees

And in my room it's gotta be at least a thousand
degrees
And where am I? Oh, oh, I know it sounds stupid but it
sounds about it
In my room oh, oh, it's gotta be at least a hundred, a
hundred degrees
