Everyone is coming out
You can hear the sound from miles
I try to turn it up, they turn it down
The only noise is from the ground

And I know they're just curious
And they stop and they look at us

Aah, aah
Aah, aah

Everyone here knows the law
And once the cops are in, they'll know
They try to lock you up, you lock it in
The line between us is so thin

And I know they're just curious
And they stop and they look at us

Aah, aah
Aah, aah
Aah, aah
Aah, aah

The candle burned out
The candle burned out
The candle burned out

The candle burned out
The candle burned out
The candle burned out

The candle burned out
The candle burned out
The candle burned out

The candle burned out
The candle burned out
The candle burned out

(Aah, aah)
The candle burned out

(Aah)
They try to lock you up
(Aah)
The candle burned out

(Aah)
They try to lock you up
(Aah)
The candle burned out

(Aah)
They try to lock you up
(Aah)
Oh, the candle burned out
