I found out I often disagree  
They say there is something wrong with me  
I don't even listen to them anymore

A friend gave me something to believe  
And that friend meant nothing more to me  
I don't even listen to him anymore

Oh, sweetheart  
Oh, sweetheart

Someone studies architectures  
Someone works with fabric textures  
We don't even listen to them anymore

A friend gave me a call to say I was wrong  
But that friend means nothing more now  
And I don't even listen to him anymore

Oh, sweetheart  
Oh, sweetheart  
Oh, sweetheart  
Oh, sweetheart

Whatever you say I take it back  
Whatever I say I didn't mean that  
Whatever you say I take it back  
Whatever I say I didn't mean that

No, no, no

We don't even listen to them anymore

Oh, sweetheart  
Oh, sweetheart  
Oh, sweetheart  
Oh, sweetheart  
Oh, sweetheart  
Oh, sweetheart

They say I don't listen no more  
They say I don't listen no more

Whatever I say I take it back  
Whatever I said I didn't mean that  
Whatever they say I don't listen no more
