Memory one  
Smoke inside my lungs  
I wanna get it out of me  
So hit me, hit me

Since I was young  
Sugar on my tongue  
But I can't feel the taste of it  
In an ocean filled with words, I'm lost

Memory one  
Stuck inside of me  
I wanna slow it down a bit  
So hit me with that sledge again

Since I was young  
Sugar on my tongue  
But I can't feel the taste of it  
In an ocean filled with words, I'm lost

There've been many times I don't know who to talk to  
There've been many times I don't know who I want to be  
And I've been tremblin' in the dark too long  
And now I know what I've been searching for

Memories, they play  
Tricks on me  
In bright, bright sunlight  
I forget where I want to be  
And I'm growing old  
Still sugar on my tongue  
Still don't know the taste of it  
In an ocean filled with words I know

There've been many times I don't know who to talk to  
There've been many times I don't know who I want to be  
And I've been tremblin' in the dark too long  
And now I know what I've been searching for  
A hundred times, a thousand times I've tried to  
For a million years I haven't known what I've been  
looking for

And I've been tremblin' in the dark too long  
And now I know what I've been searching for
