Well I gotta fill in
Cause this show's run short by a minute
We couldn't stretch it it out
No matter how many Hobbits we put in it
I'll play you some chords
So you won't get bored
Half an hour's work is past our limit

This is the filler song
The filler song
It's not a Killer song
It's just a filler song
That goes:

Ya da da da da
Ya da da da da da
That's ya da da da da da
Ya da da da da da da

(How are we going?
Stretch it more)

This is the filler song
The filler song
This is the filler song
It rhymes with thriller song

It's the F I L L E R song
In French it's (*something in french*)

I must know something else....
Peter Meakin what a piss head!
Peter Meakin what a piss head!
What a piss head!
