I've heard this line before  
The difference is now I understand  
Remember being young?  
Invincible, time was never in demand

My adventures went for years  
Somehow never lasted long enough  
I don't take for granted  
Opportunities to follow what I love

I've got something to say  
The best years aren't behind us  
We won't quit, we're here to stay  
Don't let it fade away  
The spirit of the youth we have,  
Let's take it to our grave  
To our grave

Caught up here in now  
You have a choice: Exist or live  
Is every waking moment  
Spent living your dreams  
Or wishing that you did?

Could it be we've forgotten who we are along the way?  
Is it life that catches up to us?  
Or are we the ones that give it chase?

I've got something to say  
The best years aren't behind us  
We won't quit, we're here to stay  
Don't let it fade away  
The spirit of the youth we have,  
Let's take it to our grave  
To our grave

I'll remain  
A reckless kid at heart  
I'm not the same  
I won't just play my part  
Or accept it

I've got something to say  
The best years aren't behind us  
We won't quit, we're here to stay  
Don't let it fade away  
The spirit of the youth we have,  
Let's take it to our grave  
To our grave

To our grave
