Shvona Lavette
"All The Gold"

I put em on me, I put em on me
I put em on me, when I feel lonely
I put em on me, I put em on me
I put em on me, and nothing else on me.

I cherish you, you cherish me
You treat me like an Egyptian queen
IÂ've seen the world, the Egyptian eyes
You lead the sky and kingdomÂ's rise
YouÂ're never home, I donÂ't ask why
Your golden future, silence in time
Diagrams for... to fly, and pyramids that reach the sky.

Chorus:
Gold necklaces, gold rings
All the gold in the world for kings
ItÂ's been long days and long nights
All the gold on the skin shining bright
I put em on me, I put em on me
I put em on me, when I feel lonely
I put em on me, I put em on me
I put em on me, with nothing else on me.

Dear princess do you know the world is giving
DonÂ't let them ruin the world that youÂ're living
Our kings is reason for ashes and prison
They thought all the children with every decision
Our history is a collage, why a collage,
Medallions, weapons sent to God, so put em on

Let them know who you are, let them know who you are
Let them know who you are

Yeah, will do

How about a little distance for instance
The dream if you live in my team be the difference
Many want the throne that we on but we gift it,
Come and take a look at the... weÂ're just buildin
With John King thatÂ's real kings,
On the jury is life, thatÂ's go wings

We just flew up from the deserts palm strings
Got the world up in my finger every time I ring
All this blood on my chain, chain
All this blood on my watch,
Them yellow keep fighting for freedom freedom
And yelling back when will it stop
They find we keep dreaming dreaming
And pay them days them kids drop,
WeÂ're fighting a piece for a reason
No matter what would be the... yeah

[Chorus:]
