Verse 1:

I thought you said I was a good girl baby
The only kind of girl that drives you crazy
You broke the promises you promised me
We never thought I'd ever leave (honestly)
You really think you're gonna have somebody
The only kind of girl that drives you crazy
Well I'll be swinging from the moontops baby
And you don't think you know my name

Prechorus:

You say I'm not a shooting star but
I'm shining more than ever now

Chorus:

You're mistaken
You can't take me down
Trying to break me
But you're all washed up now
When life gets harder
The tough get tougher
The world is never on your side but
I've got the strength to stay alive

Verse 2:

Now you've gotten on my bad side darlin'
You've ripped me raw and rare and still you're starving
What else you think that you can strip of me?
And you expect my empathy (honestly)
So suffocate me till I'm blue in the face
Tired from weeping get me out of this place
I'm sick of watching days just waste away
And you don't think you know my name

Prechorus:**Chorus:****Guitar Solo:****Prechorus:**

Chorus (x2)

You're mistaken. The tough get tougher.
