## Verse 1:

You analyze my ignorance  
But love should be blinding  
Baby you know me better  
I didn't know what I do to you.  
I didn't know what I do to you.

## Chorus:

I'm not a poet I wanna write you a song  
You gotta know it in my arms where you belong  
But rain clouds pour over me  
Rain clouds pour over me

## Verse 2:

You push me away and catalyze my destruction  
I long for you do you long for me?  
I guess today is the end of forever  
You didn't know what you do to me  
You didn't know what you do to me

## Chorus:

## Bridge:

I can't control  
The predetermined destiny that lies ahead of us  
So for now  
I live alone.

## Verse 3:

I suffer in my solitude.  
I'm desolate and I'm drowning.  
So ask me how is the weather  
Cuz rain clouds pour over me  
Rain clouds pour all over me

## Chorus 2:

I'm not a poet I wanna write you a song  
You gotta know it in my arms where you belong  
I wanna be beautiful for you.  
I wish I was beautiful for you.
