#### Verse 1:

I put myself in situations where they can trap me  
I got myself an education but I'm at his mercy  
It's time to move on baby baby and free me  
Save me from captivity. It's time to be

#### Chorus:

What about me? Oh I'm always thinking of someone  
else  
Can't you see? Oh I never think about myself  
About me Oh It's time I thought about myself  
Don't you see this is something that's long overdue  
And I won't live my life under you  
What about me?

#### Verse 2:

When things are good he has me laughing boy sweet  
candy  
When things are bad I start to crash and withdrawal  
takes my body  
He knows I'm coming back when I say I will leave  
Release me from captivity set me free

#### Chorus:

#### Bridge:

You push me push me to the edge  
You don't know who you're dealing with  
You're over every limit you've been given every line I  
set  
You think I'll get down on my knees. I must be top  
priority.  
That's why I'm using my last breath  
To say I won't play second best

#### Chorus:

Don't you see this is something that's long overdue  
(x4)  
What about me?
