Verse 1:

Whisper of A Dream
You'll find out what it means
A twisted cold reality at hand
What it takes to be a man
You'll never understand
So don't come crawling back to me

PreChorus:

Oh I know that you're slowly unwinding
Although I'm left behind
So I hope that you're wasting your time
With some stupid other girl
And don't come back to loving me I've got

Chorus:

Pennies in my hand
Broken promised land
Dropping to the sand
This doesn't feel like dancing (I'm)
Pushing through the clouds
Seeing clearly now
Feeling stronger now
That love was never lasting
I pledge to stand beside myself
Fear turned to bravery (I'm)
Flying solo
Standing on my own
One up one below
And I'm not ever coming down

Verse 2:

Whisper of a Dream
The harsh reality
I never want to see your face again
What it takes to be a man
You'll never understand
So don't come crawling back to me I've got

Chorus:

Bridge:
Why fight at all
Dignity
One above
One beneath (x4)

Chorus (x2)
