And i'm on the lyrical tip  
For you to whip the giant,  
That'll be a miracle whip  
So everybody crowd around  
And let's all get down, to the soul clap sound  
So pump your fist, here we go  
Showbiz & a.g. so act like you know  
A combination of the new and the old rap  
Me showbiz and diamond d yeah we got the soul clap

Verse two: a.g.i love hip-hop, not rock and roll  
Yeah i'm a giant, and i got lots of soul  
I've been a giant since i was a kid  
They always thought i was big from the damage that i  
did  
I roll up rappers like a dt  
And don't worry yo, because the brothers can't see me  
Light-skinned curly hair i keep dwellin  
I don't care about my hair, my records are sellin  
A.g., my right hand man is kay-gee  
Kenny dope you know, marley marl is my little bro  
Infinite he's in effect  
Big ty is snappin necks, better yet he's packin tecs  
Yeah they sleep, they can't quite tell  
They know that i'm short, but do they know that

I fight well those who diss me, that's ok  
Because my jam is gonna slam and i don't care what  
you say  
A giant in the mental, yeah you know that  
And i'm hangin with this new one and it's called the  
soul clap

Just clap your hands to the beatbox (4x)

Verse three: a.g.i do work, at any god damn concert  
And if you said that i didn't, then i got jerked  
You musta asked the wrong people  
Cause when i make my stand every man knows that i'm  
lethal  
Never back down, my crew's in the background  
I get hyped when showbiz lays the tracks down  
When i'm finished, you'll say he's the mack  
Cause i'm raw and my god damn beats are fat  
Yeah i'm a giant, that's what you better say  
You don't believe me then go check my resume  
I done killed more suckers than a world war  
And even more, after a world tour  
From state to state, sea to sea  
On every continent,  
I'm a g-i-a-n-t  
I'm a.g. yeah the one you can't hold back  
You want your party to pump?  
Then throw on the soul clap  
C'mon! can i get a soul clap?  
C'mon! i said can i get a soul clap?  
C'mon! can i get a soul clap?  
C'mon! c'mon!

Just clap your hands to the beatbox (4x)
