I tried to run across the water and I sank into the deep
Listlessly beneath the sea, within it's murky
keep
I want to keep my dinner down but I threw it up today
See how agonizingly propelled without delay?

I can't breathe and I don't want to
anymore
I can't breathe and I don't want to
anymore

The Jesus lizard tried to love but it's heart was
made of lead
He could not move the way love does so he faked it all
instead
The Jesus lizard wants to be the center of your ray of
light
But any light he has yet to see, no light is in his sight
I tried to pull the nails from you
Out of your hands and feet
And when I tried I made you die and yet you came back
for me
If I drag myself throughout this world
If I throw up everyday
Will you still see that I'm still here?
I'm waiting in all of my ways

I can't breathe and I don't want to
anymore
I can't breathe and I don't want to
anymore
I can't breathe and I don't want to
anymore
I can't breathe and I don't want to
anymore

The Jesus Lizard formed for himself
For Jesus he would not ache
With insects stuck between his teeth
He scurried ever so fake
"I am God" the lizard said
Alpha, omega end with me

The sun was hot upon his head
So he tried to run across the sea

I can't breathe and I don't want to
anymore

I can't breathe and I don't want to
anymore

I can't breathe and I don't want to
anymore

I can't breathe and I don't want to
anymore
