State of Gothique

I feel you in my vein  
I feel you more than pain  
You whisper like the rain  
...Inside of me...  
I feel your senseless rays  
When nothing more to say  
When nothing left to lose  
...

Chorus:

I feel - I don't want to be close to you  
I know - You want to poison me  
I hate - Your virulent looks  
At my experience...

State of gothique tenderly throws me away  
To another demension of lifeless skies  
To another demension of vacant eyes  
To another embodiment of the odium

Your nails are tearing soul off me  
You force me feel it more than real  
You penetrate inside my mind  
...With ugly smile...

I have no power to resist  
I have no reason to exist  
State of gothique is cover me  
...With autumn leaves...

Chorus:

State of gothique tenderly throws me away  
To another demension of lifeless skies  
To another demension of vacant eyes  
To another embodiment of the odium

State of gothique sadly lick me again  
With a poisonous tonque of melancholic lie  
With a poisonous tonque from vanishing light

With a poisonous tonque of the broken hope
