I've come so far without a compass!  
You lighten darkened paths!  
When I was lost, you were there and you helped lead  
the way!

You gave me strength with actions!  
You gave me strength with words!  
You show that there's a way that show that dreams  
come true!

I'm taking steps through this enchanted place  
(enchanted place)  
You light up footpaths with all of your grace (of your  
grace)  
I know (I know!) that you are there with me through this  
(me through this)  
You know (you know!) that you helped pave the way for  
us

I was about to give up  
But you gave me the strength to find my way!  
My way!

I'm taking steps through this enchanted place  
(enchanted place)  
You light up footpaths with all of your grace (of your  
grace)  
I know (I know!) that you are there with me through this  
(me through this)  
You know (you know!) that you helped pave the way for  
us

I have new found strength (new found strength!)  
You were my compass and you helped lead the way!  
[x2]

I have new found strength!  
You were my compass and you helped lead the way!
