I had my pride  
I had my prayers  
I had my good intentions  
Thought I was strong and in control  
Thought I was self-sufficient  
In my delusion I thought I had everything  
My narrow mind made me blind  
And You had to let me fall  
To finally make me see  
I need Your light, lead me  
I need Your word, feed me  
I need to know what I need  
Show me my emptiness  
So You can fill it with  
Everything You want for me  
It took so long for me to realize  
I need  
You saw right through  
These paper walls  
That I had built around me  
Your holy fire burned them down  
And now Your love surrounds me  
In the ashes I can clearly see the proof  
My own strength is my own weakness  
Lord, I surrender  
Because I'm helpless without You
