Every day I'm grindin'
I don't even get a weekend
Been livin' my life
In black and white, no sleeping
So tonight I'm gonna flip it
Like in a New York minute
We're gonna hail a cab
And don't look back
Once we get in it

Lemme hear you say
Ooooh
Can't keep it bottled up.
Lemme hear you say
Ooooh
Can't keep it bottled up
Make it pop like pink champagne
In the purple rain
We gonna paint paint paint the city
We're gonna show em how to
Look all pretty, pretty in
Pink champagne
Let 'em know our names.
Scream it so loud
They'll hear us in LA
We're poppin' like pink champagne
Poppin' like pink champagne
Poppin' like pink champagne

Don't need no guest list
Everybody's invited
I said even if you can't get in
We'll dance outside it
We're gonna make this bubble
Carbonate some trouble
When the night gets black
Gotta take it back to another level

Lemme hear you say

Ooooh

Can't keep it bottled up.
Lemme hear you say
Ooooh
Can't keep it bottled up.
Make it pop like pink champagne
In the purple rain
We gonna paint paint paint the city
We're gonna show em how to
Look all pretty, pretty in
Pink champagne
Let 'em know our names.
Scream it so loud
They'll hear us in LA
We're poppin' like pink champagne
Poppin' like pink champagne
Poppin' like pink champagne

Make it pop
Oooohhh

Lemme hear you say
Ooooh
Can't keep it bottled up
Lemme hear you say
Ooooh
Can't keep it bottled up
Make it pop like pink champagne
In the purple rain
We're gonna paint paint paint the city
We're gonna show em how to
Look all pretty, pretty in
Pink champagne
Let 'em know our names.
Scream it so loud.
They'll hear us in LA
We're poppin' like pink champagne
Poppin' like pink champagne
Poppin' like pink champagne
