Nowhere is perfect  
Except here with you  
I'll turn your skies a bright red  
When they were blue  
Together we will fight  
And take over this town  
There's a new queen of this city baby  
And your wearing the crown

Cause when it comes down to the crunch  
I will always be there  
A tidal wave of your sea of smiles  
These perfect moments shared  
And all these moments shared  
They will be shared right and true  
Nowhere is perfect  
Except, here with you

Our eyes locked tight  
And the moment was right  
I saved you from yourself  
You will  
Realize that true love is for real  
Just look in my eyes  
And you'll see how you feel  
What will it be?  
This city or me?

Cause when it comes down to the crunch  
I will always be there  
A tidal wave of your sea of smiles  
These perfect moments shared  
And all these moments shared  
They will be shared right and true  
Nowhere is perfect  
Except, here with you

I got lost in love  
You are the one I'm always thinking of  
Your eyes she'd light over the whole town  
Bright eyes, always wear your crown!

I lost myself in your eyes  
And I drowned myself in your sea of smiles  
I lost myself in your eyes  
And I drowned myself in your sea of smiles  
I watched myself in your eyes  
And I drowned myself in your sea of smiles

Whoa!  
True Love!  
Whoa!  
Will Last!  
Whoa!
