### "Willing To Walk"

Your voice rings in my ear  
A message strong and clear  
I cannot mistake Your call of truth  
You know my one desire  
Is fan this holy fire  
I will go anywhere for You  
I'm willing to walk in Your will  
Ready to step out in faith  
Willing to walk on until  
I've given beyond what it takes  
I'll journey the extra mile  
To see that Your plan is fulfilled  
It's much more than talk  
I'm willing to walk  
In Your will  
I'll move with the restless heart  
Tell the world who You are  
Until the moment that I see Your face  
I'll follow where You lead  
Reach out to a world in need  
That all might know the freedom of Your grace  
Whenever You call  
Whatever You need  
Whatever You want from me
