"With All My Heart"

Sure I've fallen on my face
At least a hundred times
But I just shake the dust off
And keep walking down the line
I'm going where You lead me
Wherever that may be
I've packed my bag of courage
I'm gonna do what I believe
With all my heart
Father, I will love You
With all my heart
Lord, I will trust You
With all my heart
I promise I will live for You
Every day, in every way
With all my heart
Time has taught this one thing
It's You who will remain
Steady in the craziness
Of a world in constant change
You hold me when I'm weak
I'm surrounded by Your peace
Nothing else can take Your place
You're every breath I breathe
And after all You've done for me
It's the least that I can do
Every beat of my heart
Beats to worship You
