Surrounded now, come out with your hands up, come
out with your hands up
Surrounded now, come out with your hands up, come
out with your hands up
Surrounded now, come out with your hands up, come
out with your hands up
Surrounded now, come out with your hands up, come
out with your hands up
Surrounded now, come out with your hands up, come
out with your hands up
Let's go!

Led into this trap like a dog on a chain, Set up and
framed framed!
I did nothing wrong, nothing
Yet still I take the blame, still I take the blame
Surrounded now Surrounded now Surrounded now
Let's go!

Chorus:
Oh wo ha wo wo
Ei yay ha yay yay
Oh ho wo wo oh ah way yay hey yay heya
Ei yay ha way yay he yay

This reality is sad and pained
Looked for the beauty found it empty and vain
Starved by the lies I was hungry for the change,
starved by the lies,
Hungry for the change
Surrounded now Surrounded now
Let's go!

Chorus:
Oh wo ha wo wo
Ei yay ha yay yay
Oh ho wo wo oh ah way yay hey yay heya
Oh who wo oh oo oh
Ei he yay yay he yay
Ee way ya ho away yay yay hey ya

Would that you that your wrong even if your right
Bound your hands, cover your eye
Feed you lies, feed you lies
You're surrounded now Surrounded now
Let's go!

Come out with your hands up come out with your hands
up
Surrounded, come out with your hands up
Surrounded, come out with your hands up
Surrounded now, come out with your hands up, come
out with your hands up
Surrounded now, come out with your hands up, come
out with your hands up
Surrounded now, Surrounded now
Surrounded now, Surrounded now
Surrounded now, Surrounded now
Surrounded now, Surrounded now
Your Surrounded NOW!
