I like what you do
I like what you do to me
(x11)

You've got what it takes to please your woman
You've got what it takes
Oo-oooh, oo-oooh, oo-oooh, ooh
You've got what it takes to please your woman
You've got what it takes

You've got what it takes to please your woman
You've got what it takes
Oo-oooh, oo-oooh, oo-oooh, ooh
You've got what it takes to please your woman
You've got what it takes

I like what you do
I like what you do to me
(x11)
I like what you do

You've got what it takes to please your woman
You've got what it takes
Ooh, ooh, ooh, ooh
You've got what it takes to please your woman
You've got what it takes
Ooh, ooh, ooh, ooh
You've got what it takes to please your woman
