It doesn't even matter
If you take the time to say
"I'm sorry for the way
You blame me for your fate"
And then you ran away, away (Away)

I believe in change
I can see your fake
I believe it's all your fault

I believe you and me were once
Set between everyone thoughts
Now you need someone
To be strong (Be Strong)
You can't face this alone (Alone, Alone, Alone)

I called you out for reasons
You'll always try to hide
It's not like your the one
Who's been lying in front
Of someone's else face
No way (Way)

I believe in change
I can see your fake
I believe it's all your fault

I believe you and me were once
Set between everyone thoughts
Now you need someone
To be strong (Be Strong)
You can't face this alone
Oh no

I can't destruct this feeling
Of being shut away
And all the years of being
Someone else name
You are not a friend of me at all
You blew it
You blew it

I can see right through
The way you are
I knew it
I knew it

I believe you and me were once
Set between everyone thoughts
Now you need someone
To be strong (Be Strong)
You can't face this alone
