I have the strength in me
You can't change the things you do
Cause everything you ever knew is over

Stop pretend (you know me)
I won't listen (You don't know me)
Everything is (So messed up)
Inside my head

It's so up to you
When your black and blue

I'm a prisoner
I'm gonna hunt you down
You will not give it up
Any more I take
Was it worth the pain
You will not give it up

Thought you got run away
But you lived another day
It's someone else that you found
In the end

Stop pretend (you know me)
I won't listen (You don't know me)
Everything is (So messed up)
Inside my head

It's so up to you
When your black and blue

I'm a prisoner
I'm gonna hunt you down
You will not give it up
Any more I take
Was it worth the pain
You will not give it up

You made the choice to walk away
And take it back

Where ever you are
Don't think of me as some one
You could have known
The damaged is done
I broke this chain off you and me
And now we're gone

I'm a prisoner
I'm gonna hunt you down
You will not give it up
Any more I take
Was it worth your pain
You will not give it up

You will not give it up
You will not give it up
You will not give it up
