Legs tangle beneath the summer trees
You say you can't find a star
That's why you're looking at me
Girl I can barely see your face
With your hair in your face
Darlin' I won't lie
I've been longing for her taste
To see the movements her body makes
And that's where we won't forget this

(Chorus)

Oh I know we won't regret this
Oh you look so good, when you're lying next to me
And it feels so right
I swear I'll make my move tonight
Oh you look so good, when you're lying next to me
And it feels so right
Our tangled legs won't separate tonight

Come on let me show you what I've got
Beautiful, I'll tell you what I'm not
Leaving here before I make you mine
But baby let's stop wasting time
So tell me girl
Do you feel it too?
In my world
It's only me and you
One shot there's no mistaking
I need your body shaking

Oh you look so good, when you're lying next to me
And it feels so right
I swear I'll make my move tonight
Oh you look so good, when you're lying next to me
And it feels so right
Our tangled legs won't separate tonight

We've got love on our side
Anything you want girl
Anywhere you want girl
So let's lay back and just let go tonight

Oh you look so good, when you're lying next to me
And it feels so right
I swear I'll make my move tonight
Oh you look so good, when you're lying next to me
And it feels so right
Our tangled legs won't separate tonight
