You've got me tearing at the seams
i know you came out of my dreams
but i just wish that you could see
how much you've taken over me

oh you've got everything i need
you ripped my heart right off my sleeve
and now i'm begging you believe in me

let's dance on city rooftops
shout out all our favorite songs
i know it might sound crazy
just close your eyes and sing along
tell me it's the right time
tell me everything's okay
won't you come with me tonight
you can be my getaway
you can be my getaway

we can walk the city,
no matter where we go
if it takes all night
i just want to let you know

oh you've got everything i need
you ripped my heart right off my sleeve
and now i'm begging you believe in me

let's dance on city rooftops
shout out all our favorite songs
i know it might sound crazy
just close your eyes and sing along
tell me it's the right time
tell me everything's okay
won't you come with me tonight
you can be my getaway
you can be my getaway

the night's not half way over
no, we could be much closer now
i'm feeling's so outrageous

maybe someone could save us now
will you be my escape?

tell me it's the right time
tell me everything's okay
won't you come with me tonight?
you can be my getaway

let's dance on city rooftops
shout out all our favorite songs
i know it might sound crazy
just close your eyes and sing along
tell me it's the right time
tell me everything's okay
won't you come with me tonight
you can be my getaway
you can be my getaway
