You look at me with your eyes on the floor  
I know the truth baby, you just can't hide anymore.  
I'll count to ten.  
And this time, I won't start over again.

She said, let's play our cards and hope for the best  
I sigh and step back, but I really just have nothin' left.  
Caught in the rapture,  
My heart's still yours to capture.

Feels like we're runnin' in circles...

We were starvin' for something more  
And landed face down on your floor.  
Put your money where your mouth is,  
Money where your mouth is, girl.

Come around baby, just sing along  
Cause you're the whole story behind this song.  
You better stop breathin'  
Before you stop believin', girl.

I feel the time slippin' right through my hands  
Remember the night we left our footprints in the sand?  
Forever after,  
Let's start a brand new chapter.

Dim the lights, darlin', step into my shoes  
I'll meet you halfway, but we've really got nothing to  
lose.  
Baby it's your call,  
Who's it gonna be to take the fall?

Sorry won't always get you by  
Dreams are just that until you try.  
With every step forward we take two steps back  
But hand in hand, we'll get back on track.

We were starvin' for something more  
And landed face down on your floor.  
Put your money where your mouth is,  
Money where your mouth is, girl.

Come around baby, just sing along  
Cause you're the whole story behind this song.  
You better stop breathin'  
Before you stop believin', girl.
