This time I'll get it right  
I'll pack my things  
I'm driving coast to coast  
And I'm not looking back  
All those faces in my life  
And if you wonder why  
A single place  
Is not enough for me  
You'll break the spell one day  
Out of boundaries

No room for second thoughts  
No regrets you're stepping out tonight  
And you're not looking back  
All those places in your life  
Now you'll get it right  
Pack your things  
We're driving coast to coast  
And we're not looking back  
Out of boundaries
