I see it in ur eyes.  
I hear it on ur breath.  
I can tell when you lie so know you must confess.  
Watching u burn the bridge we've been running on.  
Did i not give enough. Where did we go wrong?

I played my part in all.  
I'll do it again.  
One thing i've learned i am not letting you win.  
One thing you'll never get from me.  
NO.  
One thing you'll never take from me.  
NO.  
Sound of my heart beating breaks u can never erase.  
It breaks over and over again.

All this time we waste away in someone elses arms.  
Blinded by the life they did that makes us who we are.

I'll wait for no one.  
Your inside of my Head  
I'll wait for no one.  
I live to give in the warm.

You are breaking up.  
I am not getting Through to you.  
Its the same thing everyday.  
Yah, I did my best straight from the start.  
But it's not any good until it goes away.

One thing you'll never get from me.

NO.  
One thing you'll never take from me.  
NO.  
Sound of my heart beating breaks u can never erase.  
It breaks over and over again.

All this time we waste away in someone elses arms.  
Blinded by the life they did that makes us who we are.

I'll wait for no one.  
Your inside of my Head  
I'll wait for no one.  
I live to give in the warm.

I'll stay strong and love my self without.  
Remember who you are when your older.  
Don't cover up your scars they make you.  
Remember who u are when your older.  
Who u are when ur older.

Yeah!!!

Yeah!!!

All the things that i was are wondering.  
Why we are here.  
And all the things we choose are suffering.  
It's why we are here.
