A certain someone must be out there, waiting for a guy
like me.

A certain girl who will be my best friend, and think
about me constantly.

I'm searching for someone, who will always be with me.

I'm searching for someone, girl I think of you
constantly.

Maybe it's you

I hope it's you

It's gotta be you.

A certain someone must be saying I will meet my love
someday.

It's the same girl that I still dream of, and I don't even
know her name.

In my head I can see the shadows form before my eyes
and

In my head I can see love taking up a new disguise and

In my head I can see myself alone without the truth and

In my head I can also see my happiness in you- yeah.

Maybe it's you

I hope it's you

It's gotta be you.
