Hey, Hey  
Cheetah Girls...u-huh, u-huh  
let's go

There ain't no gettin' me down today  
The sun is shining nothing's in my way  
I grab my purse, call my girls right now its for fellin'  
good

(oo, oo)

I'm doin' fine independently  
I might be busy but I'm still free  
Now is the time to unwind tonight I'm on a mission

So if you feelin' it too well come on  
Do what you've got to do (can't you hear that they're  
playin our song)  
All you need is you (don't be shy get on the floor)

I'm breakin loose tonight  
I'm in the mood to get crazy  
And the night is young it's time to play (it's time to play)  
We're steppin' out tonight  
Can't tell me what to do no way (no way)

'Cuz all I need is all in me

My eyes can only see the stars tonight (stars tonight)  
Ladies only no boys allowed (no boys allowed)  
We're havin' some fun don't want nothin from no one  
That's right (that's right)

So if you feelin' it too well come on  
Do what you've got to do (can't you hear that they're  
playin our song)  
All you need is you (don't be shy get on the floor)

I'm breakin loose tonight (breakin' loose tonight!)  
I'm in the mood to get crazy  
And the night is young it's time to play (it's time to play)

We're steppin' out tonight  
Can't tell me what to do no way (no way)

The time is now (time is now)  
So let it out (let it out)  
Just scream and shout (scream and shout)  
You can't just follow everybody else

It's not so tough  
Just live and love  
You gotta do it your own way yeah, yeah  
Cheetah Girls! (own way)  
You got to, You got to, You got to, you got to do it your  
own way  
Oo, Oo, Oo!

I'm breakin loose tonight  
I'm in the mood to get crazy  
And the night is young it's time to play (it's time to play)  
We're steppin' out tonight (oo)  
Can't tell me what to do no way (no way)  
I'm breakin loose tonight (Breakin' loose!)  
I'm in the mood to get crazy (crazy!)  
And the night is young it's time to play  
We're steppin' out tonight  
Can't tell me what to do no way (no way)

'Cuz all I need is all in me
