La la la la  
La la la la  
La la la la  
La la la la  
La la la la la la  
Oh baby cherish the moment  
La la la la  
La la la la  
La la la la la la la!

You, you know the kind  
That finger pointing criticize  
They can see, or read the signs  
That life is really bigger than you and I  
But if time, all time, they realize, their gonna find  
That we should all

Cherish the moment  
Live for today  
We wont get lost  
Just don't loose your way  
We all love the sun  
But we still need the rain  
So what good is it to run away  
It don't change a thing

In this world  
There's a flow  
You can feel it if you just let go  
And if you want  
To feel your heart  
It will happen if you just don't try so hard  
Break it down (break it down)  
Hear the sound  
In your soul  
Let it surround  
All love and we should just

Cherish the moment  
Live for today, We wont get lost  
Just don't loose your way

We all love the sun  
But we still need the rain  
So what good is it to run away  
It don't change a thing

There is only so much time (much time)  
So why not enjoy it  
Why not enjoy the ride, the ride!

La la la la  
La la la la  
La la la la  
La la la la  
La la la la la la la  
Oh baby cherish the moment  
La la la la  
La la la la  
La la la la  
La la la la  
La la la la la la la la!

Cherish the moment  
Live for today, We wont get lost  
Just don't loose your way  
We all love the sun  
But we still need the rain  
So what good is it to run away, It don't change a thing  
Cherish the moment  
Live for today, We wont get lost  
Just don't loose your way  
We all love the sun  
But we still need the rain  
So what good is it to run away, It don't change a thing
