Thought I knew what I want
Busy chasing love
Down a one-way street

I pushed it to the limit
Even through all the traffic
Thought your love was what I needed for me

That's when I blew my horn
Hoping he might hear the beep
But I wasn't sure

Without a single warning
Suddenly he was turning
Now he noticed me

I guess the thrill was gone
I had a change of heart
Too late to change my speed

Baby we crash
And I can't hit the breaks
I want to slow down
But I think it's too late

Love happened so fast
You seemed like a mistake
I wanna past but I'm going too fast
Baby we crash

Baby we crash
Love happened fast
But boy we crash

Wish that I saw a sign
But I was driving blind
Thought I had control

I wanted love so bad
I didn't think to ask
Before I drove a hundred miles on this road

That's when I blew my horn
Hoping he might hear the beep
But I wasn't sure

We got so out of hand
Love didn't go as planned
Didn't like his style

But now the wheels were turning
Cupid was busy working
I couldn't slow things down

Baby we crash
And I can't hit the breaks
I want to slow down
But I think it's too late

Love happened so fast
You seemed like a mistake
I wanna pass but I'm going too fast
Baby we crash

Baby we crash
Love happened fast
But boy we crash [x2]

What was I thinking?
What did I do?
All that I knew was
You seemed like you were cool

Where do we go now?
Was this all fake?
Wish I could turn back
But cupid stole the brakes
I found out too late

Baby we crash
And I can't hit the breaks
I want to slow down
But I think it's too late

Love happened so fast
You seemed like a mistake
I wanna pass but I'm going too fast
Baby we crash [x3]

Baby we crash
Love happened fast
But boy we crash
