

Cheetah Girls, The "Do Your Own Thing"

Visit "[Do Your Own Thing](#)" on MotoLyrics.com

You don't have to be like anybody else (No)
So what's the problem, why can't you be like yourself
(Oh)
You're individual, you might as well let it show
Oh, Oh, Oh
Because your beautiful just the way that you are
Not everybody has to bling-bling superstar
Holla back if you're feeling like you're feeling now
Oh, Oh, Oh

You got to do your own thing (Oh)
Don't be just the same (Oh)
Get the party jumping (Oh)
The way you like (Oh)
You got to do your own thing (Oh)
And dance your own way (Oh)
Go a little crazy (Oh)
Cuz you got the right (Oh)

Go home and change your clothes 25 times a day
Tell the haters not to come around, they bother me
Know that it's your world, go ahead live it up
Oh, Oh, Oh
Some call me crazy, well I guess they'll never
understand
I change my hair, my clothes, my style because I know I
can
Now get out on the dance floor, and dance

You got to do your own thing (Oh)
Don't be just the same (Oh)
Get the party jumping (Oh)
The way you like (Oh)
You got to do your own thing (Oh)
And dance your own way (Oh)
You got something (Oh)
That makes you rise (Oh)
Up to the top of the world (Oh)
You got to know what you like (Oh)
All my fellas and my girls (Oh)
Show who you are tonight (Oh)

You got to do your own thing (Oh)
You got to rock your own style (Oh)
You got to live for yourself (Oh)
Every once in a while (Oh)

Do your own thing
And live your own way
The world is all yours
Go out and get some more
Do your own thing
And live your own way
The world is waiting
Go out and get what's yours

You got to do your own thing (Oh)
Don't be just the same (Oh)
Get the party jumping (Oh)
The way you like (Oh)
You got to do your own thing (Oh)
And dance your own way (Oh)
You got something (Oh)
That makes you rise (Oh)
Up to the top of the world (Oh)
You got to know what you like (Oh)
All my fellas and my girls (Oh)
Show who you are tonight (Oh)
You got to do your own thing (Oh)
You got to rock your own style (Oh)
You got to live for yourself (Oh)
Every once in a while (Oh)

You got to do your own thing (Oh)
