Everybody

Everybody's looking for something

I'm ferocious, when I see you instantly
So precocious, assuming that your into me
So fierce the way, you move me with your energy
My heart's on fire, boy come on and rescue me

When I see you, I lead you right this away, baby
Can't control the way that I am behaving
It's got a hold of me, moving me, rapidly
Romantic dancing, dreams are made of this, yeah

Everybody, come on get to jumping
Everybody, moving next to something
Everybody, feel the temperature rising
Everybody, come on let's keep vibing

It's so real to feel you standing next to me
So intense when, you sense in my vicinity
Hypnotising, I just can't take my eyes of you
Let's hit the dance floor, boy show 'em how we move

When I see you, I lead you right this away, baby
Can't control the way that I am behaving
It's got a hold of me, moving me, rapidly
Romantic dancing, dreams are made of this, yeah

Everybody, come on get to jumping
Everybody, moving next to something
Everybody, feel the temperature rising
Everybody, come on let's keep vibing

Fellas get wild, start flashing your money
Ladies go crazy and act a fool
Everybody get down, right now it's all about you.
The night is still young, so whatcha gon' do?

When I see you, I lead you right this away, baby
Can't control the way that I am behaving
It's got a hold of me, moving me, rapidly

Romantic dancing, dreams are made of this, yeah

Everybody, come on get to jumping
Everybody, moving next to something
Everybody, feel the temperature rising
Everybody, come on let's keep vibing

Everybody, come on get to jumping
Everybody, moving next to something
Everybody, feel the temperature rising
Everybody, come on let's keep vibing

Everybody
Everybody's looking for something, everybody
Everybody
Everybody's looking for something, everybody
