MY sister
been through it all,no one could
diss her
Or it was only just how we roll
swore we'd be that way,till we were gray and old
Then he came
i fell in love and everything changed
A perfect picture put in a frame
you saw a difference
said that things won't be the same

(Chorus)
Girlfriend
I thought you said you were my
best friend
So why ya tellin' all my
business
thought we were better,but you
showed me where we stand
girlfriend
i thought you said you were my
best friend
so what you tellin' to my
boyfriend
thought we were better,than to
fight over a man

time passed
feelings are bubbling like a wine glass
my girl won't call me,'cause of my man
said we can't hang,because i checked out of the game
but to fix that
she went and pulled some tricks out the hat
and tried to tell him i did act
whenever we'd go hanging out back in the day
i thought you'd be happy for me
but instead you're spitting venom
being salty,oh yeah
how could you put my business in the streets
i found out what they meant by
your best friend could be your worst enemy
