Its the simple things time to put the lights up
And decorate the tree look at the snow fall
Candy cane and sweets going on a sleigh ride
Feel it in the air having such a good time
Celebrating everywhere

Time for Christmas all of us together never wanna miss
it
The joy all around you know its time like this to see
what really
Counts

Its the simple things like a Christmas song sing along
And your ready for the holiday Its the simple things
The presents under the tree Christmas eve all the fun
We have on Christmas day

(yeah, yeah, yeah, oh the simple things)

Hearing all the sleigh bells opening Christmas cards
Gingerbread cookies Rudolph cant be far
Getting cold outside staying warm by the fire place
Children laughing Santa Claus is on his way

Time for Christmas all of us together never wanna miss
it
The joy all around you know its time like this to see
what really
Counts

Its the simple things like a Christmas song sing along
And your ready for the holiday Its the simple things
The presents under the tree Christmas eve all the fun
We have on Christmas day

Its the simple things like having all my friends here
we can celebrate together

even better

Think about all of the joy it brings its easy to see now

That what its all about its the simple things oh oh yeah
Its all about...
Setting out the milk and cookies Santa's coming tonight
Like when we're all together having a good time

Its the simple things like a Christmas song sing along
And your ready for the holiday Its the simple things
The presents under the tree Christmas eve all the fun
We have on Christmas day

Its the simple things like having all my friends here
we can celebrate together

even better
