"Pride"

pride is all we have now
when we're left with nothing
too strong to break with muscle
beyond any pain or suffering
a soul's redemption
to face the fear of rejection
the last reserve for being
a life without doesn't have any meaning
no need to hide and stay protected
don't be afraid to show that you have pride
forced into the molding
just another s.i.n. number
afraid to break the iceing
around your soul's slumber
there's more to life than what I see here
don't be afraid to show that you can fly
