I overcome what holds me down  
The future and the past  
But I'll hold on to what I've found  
Nothing made to last  
I chase the signs in stars above  
I gaze to find my fate  
Fear the way we have no trust  
Some believe that it's too late  
Well what I see  
It's in you it's in me  
It's deep and high you see  
Dark and light  
Sight and sound  
I turn away the beaten path  
I'm reaching for the real  
I look beyond the world we've tamed  
In a spectrum so surreal
