I will always love you

And I will always believe in you

It's true I've sold my soul away

There's nothing more that I can say

All, all this time

Well I bought , the truth was so far, so far away

All these dreams

Well I bought, our life was so close, so close I prayed

All our warmth

In a time, when I couldn't see, what happening to me

All my hopes

In a chance, you'll follow me there, you'll follow me there

I will always stand by you

And I will always be there in truth

It's true we've lost the life we live

This future's all I have to give

I will always wish for you

And I will always feel for you

It's true we've fallen down before

We knew this wave would come to shore
