i keep thinking
what if this had never happened
would the world feel like it's
spinning so slow
i don't know
we'll never know
because the chances we take
circumstances we make
come back to haunt us in the end

i decided not to go looking
for something that was never
meant to be found
something like you
it's just me without you
so have a good summer baby
maybe i'll see you around
maybe i'll see you around

look at all the time it's taken
to realize what we've done
you should've been the one for me
but my heart is breaking
and i'm dealing alone
cuz you're not here to help me
like you were before

i would've been dead without you
so what am i supposed to do
now that you're not here
like you were before

i decided not to go looking
for something that was
never meant to be found
something like you
it's just me without you
so have a good summer baby
maybe i'll see you around
maybe i'll see you around

hope i still see you around
