And I ask Myself
What is wrong with me
I looked in People's eyes
Do they see me
I'm so afraid of time
It always runs away
I said everything's alright
But nothings okay

'Cause when I spend my time at home
I wish you would come along
To save me from that situation

Let's wasting time together
Forget the world around
I guess that nothing lasts forever
Please tell me what really counts

Let's wastingt time together
To see what really is
I guess that noithing lasts forever
Please spend this time with me

Ooooooh - ooooooh
Ooooooh - ooooooh

What will remain
When I'm away
Will they remember
The words I said
People forget who they are
Always thinking that they're right
I got to tell you something
'Cause I don't feel alright

'Cause when I spend my time at home
I wish you would come along
To save me from that situation

Let's wasting time together
Forget the world around

I guess that nothing lasts forever
Please tell me what really counts

Let's wastingt time together
To see what really is
I guess that noithing lasts forever
Please spend this time with me

Ooooooh - ooooooh
Ooooooh - ooooooh

-Guitar Solo-

'Cause when I spend my time at home
I wish you would come along
To save me from that situation

Let's wasting time together
Forget the world around
I guess that nothing lasts forever
Please tell me what really counts

Let's wastingt time together
To see what really is
I guess that noithing lasts forever
Please spend this time with me

Ooooooh - ooooooh
Ooooooh - ooooooh
