Eighteen, crazy  
pulled up in your daddy's car  
you wanna move in with me  
guess we're off to a heavy start

Should've seen this coming  
from a mile away  
eighteen, crazy  
I know what you want from me  
I know what you want from me

So if you wanna piss off your parents  
take me to scare them  
show them you're all grown up  
If long hair and tattoos are what attract you  
I would've tracked you  
baby then you're in luck  
and I know it's just a phase  
you're not in love with me  
you wanna piss off your parents, baby  
piss off your parents  
that's alright with me

You know I'm broke  
so you pulled out your daddy's car  
I drink, I smoke  
you ended up from the very start

Should've seen this coming  
from a mile away  
I'll play your game  
I know what you want from me  
I know what you want from me

So if you wanna piss off your parents  
take me to scare them  
show them you're all grown up  
If long hair and tattoos are what attract you  
baby then you're in luck  
and I know it's just a phase  
you're not in love with me

you wanna piss off your parents, baby  
piss off your parents  
that's alright with me

So if you wanna piss off your parents  
take me to scare them  
show them you're all grown up  
If long hair and tattoos are what attract you  
baby then you're in luck  
and I know it's just a phase  
you're not in love with me  
and I know it's just a phase  
you're not in love with me

You wanna piss off your parents baby  
piss off your parents  
that's alright  
You wanna piss off your parents  
piss off your parents  
that's alright with me
