It feels a little funny every time  
I can't recall a single high school friend of mine  
Man, time really flies  
Every day growing closer to the day you die  
And all my childhood dreams  
Never turned out the way that they're supposed to be  
I don't wanna live a day past 29  
Every day I'm growing closer to the day I die

I wish I knew what the world had in store  
For me and all my life  
I always had it wrong and giving up just felt so right  
Oh God, I'm scared that I never will repair  
The damage I've done  
The damage I've done

I don't wanna be that kind of guy  
Picture perfect is it worth it that you live a lie  
I don't wanna live a day past 29  
Every day I'm growing closer to the day I die

I wish I knew what the world had in store  
For me and all my life  
I always had it wrong and giving up just felt so right  
Oh God, I'm scared that I never will repair  
The damage I've done

Woah woah woah  
Woah woah woah

Oh God, I'm scared that I never will repair  
Oh God, I'm scared that I never will repair

I wish I knew what the world had in store  
For me and all my life  
I always had it wrong and giving up just felt so right  
Oh God, I'm scared that I never will repair  
The damage I've done  
The damage I've done  
The damage I've done  
The damage I've done
