When you begin to question all that you ever believed
in
just give it a moment and before you know it
we'll be home again, we'll be home again

it's harder to stand than to fall
but honestly it felt too good
it never felt so good,
it never felt so good to fall

and i'd be lying if i told you
i never knew it was coming
but im tired of lying and im sick of trying
we both know it wasn't worth it

i need to hear it
and you need to say it

it's harder to stand than to fall
but honestly it felt too good
it never felt so good,
it never felt so good to fall

(i need to hear it)
(and you need to say it)

it's harder to stand than too fall
but honestly it felt to good
it never felt so good,
it never felt so good to fall
