And i know how you feel
I'm right there with you
But baby won't you come on?
I'll show how to have some fun
And honey this is gonna hurt
But i swear its worth the right and if not its worth the
high

Cause late at night wrong sounds more appealing than
right
But sweet talk, sweetie won't get the job done
Cause late at night wrong sounds more appealing than
right
But sweet talk, sweetie is just a twist of the tongue
And their secrets we keep locked up inside of me
As if I spoke the truth it'll rot out my teeth
And honey this is gonna hurt
But I swear it's worth the right
And if not it's worth the high

Cause late at night wrong sounds more appealing than
right
But sweet talk, sweetie won't get the job done
Cause late at night wrong sounds more appealing than
right
But sweet talk, sweetie is just a twist of the tongue

I dream of schemes
And make you believe
I speak in lines of lies right through your thighs
And i'll be honest i haven't been honest
But you've been blind to see

Cause late at night wrong sounds more appealing than
right
But sweet talk, sweetie won't get the job done
Cause late at night wrong sounds more appealing than
right
But sweet talk, sweetie won't get the job done
Cause late at night wrong sounds more appealing than
right

But sweet talk, sweetie is just twist of the tongue
Sweet talk sweetie is just twist of the tongue
