Summer's ended and without a trace
time goes by - while you remain
Funny how I thought I walked on through
with my heart in one

[Chorus:]

Why do I still cry for you
dying to get close to you
Why do I still fear to face
the ghost of you

How I tried to get you of my mind
but you return - all the time
I believed I could just let you go
like the fool I am

[Chorus:]

Why do I still cry for you
dying to get close to you
Oh baby why do I still fear to face
the ghost of you

[Release:]

I've been trying to release you
to get my feet back on the ground
Still I need my hope to hold on to
even if I know i should back away
It's just a part of me that I can't erase

[Chorus:]

Why do I still cry for you
dying to get close to you
Why do I still fear to face
the ghost of you

[Outro:]

Baby, baby why
Anyway I try I'm still reminded
(the ghost of you)
Anywhere I go I keep coliding with
(the ghost of you)
I've given up I just can't fight it
(the ghost of you)

Everytime I look away I see
the ghost of you
